

- **Paper Storage Shelf** mounts beneath a worksurface for storage of printer paper. See note below  
20”w. x 11”d. x 12”h.
- **Paper Storage Shelf With Lockable Front** - as above with hinged lockable front added. See note below  
20”w. x 11-3/4”d. x 12”h.

**NOTE:** Requires a paper slot and grommet to be **ordered separately** and factory installed in the intended mounting surface. **Exception:** work surfaces designed with a continuous slot for paper feed and wire management.

- **Paper Slot Grommets** require a 1-3/4” coordinated slot in the counter top for installation. All edges are radiused for smooth paper flow from storage facilities below. Color: Brown

- **CPU Holders** are mounted beneath a desk or table top to suspend a CPU in either a vertical or horizontal position. Holders are adjustable to have an inside dimension of 5” to 9-1/2” one way and 14” to 24” the other way. The assembly is 14-1/2” deep. CPUH-100 (fixed) holders are screw-mounted to the bottom of a work surface or the side of a pedestal unit. CPUH-200 (pull-out) holders are mounted on ball bearing slides which extend 12” to provide easier access for connecting cables to the rear of the CPU. The slide brackets are screw mounted to the underside of the work top. Color is Black or “Greige” (computer beige). Please specify color.

**Vertical Installations**
